

# Family planning only services

aka FPOS

## What is it?

An insurance program that provides low to no cost sexual and reproductive health care for people with limited income, including people under the age of 18.

## What is covered?

Contraceptive services and supplies like birth control and condoms, STI testing and treatment, preventive services like pap smears, and some vaccines like the HPV vaccine.

## Am I eligible?

You are eligible if you are a Wisconsin resident, a US citizen or lawful resident, you are not enrolled in Wisconsin Medicaid or BadgerCare Plus, and you personally (not your parents) make less than \$3,840.30 a month.

## How do I enroll?

Ask your provider! They can help you apply for the program. The application is done online and takes about 15 minutes to complete.

## Will my parents know?

No, even if you are under 18 and/or on your parents insurance, they will not know. You can have information sent to a different address and your local agency will not contact your parents.
